

Journeying Together 2025: The vision

Training and equipping us to follow Jesus in our daily lives.

*The vision of our Journeying Together network is to connect together in small groups during the week, giving us time and space to share our Christian journeys, support and encourage each other in prayer, and together begin to **explore, process and apply** the teaching from Sunday, outlined week by week below:*

Day by day during the week:

Connect together through your WhatsApp groups, sharing your thoughts on "This Week's Question" and also sharing prayer requests and encouragement on a daily basis

When you meet:

PRE-MEETING: Catch up on the from Sunday sermon. Go through the notes below and prepare as much as possible to bring to your meeting.

WELCOME: How is everybody? It is important to know how everyone in the group is before moving forwards together. Open in prayer and pray for any needs in the group

EXPLORE & PROCESS: See this weeks notes

APPLY: Think about your situations and the week ahead. How can we apply these truths we have discussed in our lives in practical ways? Close in prayer
